

Our Code of Conduct

Our Code of Conduct provides a guide for living our values and Leadership Framework each day. No matter our role at LRN, each of us has an important part to play.

We need the Code to provide guidance when we must make difficult decisions. The Code does not cover every situation or scenario we may face working at LRN—we will continue to rely on our values and the Leadership Framework to help us.

Uncompromising leadership behavior is what our Code of Conduct is about. At LRN, each of us is a leader in delivering knowledge and solutions that inspire the business community to engage in sustainable and profitable commercial behaviors. As LRN colleagues, we are united by the desire to enlist and form trusted partnerships with the best of global businesses as partners, as suppliers, as stakeholders, and as colleagues.
